

WORLDWIDE DAY OF HEALING REPORTS
SEPTEMBER 22, 2007

FOREIGN COUNTRIES

● **From Kenya - East Africa**

I had about 16 churches, pastors and workers from these churches. A number of them opened their church doors to the sick during world healing day and several testimonies have come in. One man who had a stroke was brought from hospital to church for prayer-was instantly healed and was released from hospital. Another man who was brought from the hospital to the service, with a serious case of arthritis, not able to walk was completely healed and discharged from the hospital. A lady with a tumor on the chest was healed, the tumor disappeared. One t.b case was healed. A diabetic man was healed completely. Many backaches, headaches, stomachupsets were healed. One had been operated on, not able walk was healed in stantly and walked. A nother stroke case was healed. A lady with female problems was healed. One Epilleptic person was delivered. In one church a lone, over 21 people testified to being healed.

● **From Africa - South Africa**

It is nice to hear from you, all this wonderful testimonies of what God is doing. In our Area, South Africa we've been having tremendous healings and deliverances from demonic operations. There is a particular case of a young man in his early twenties that was insane that was completely healed and delivered of insanity and he is presently in our Ministry undergoing pastoral training. There was also a case of Top witch Doctor that was delivered from ancestral and demonic activities and she is presently totally in the Lord, serving God with her husband and family. There were other healings of infirmities, growth in the body that were healed etc.

● **From Australia**

I got a report from Horsham Healing Rooms in the state of **Victoria (Australia)** they only had 8 on their team and only ministered to 2 clients a man & a women with hearing problems but both were touched. Their team felt such an anointing on their time together.

Naracoorte Healing Rooms in the **South East of the state of South Australia (Australia)** had 16 team and ministered to 8 people. A disabled man, a baby with a skin condition, women with emotional problems, a girl with a neck injury, a young man with food allergies and 3 children with emotional problems. The team leader Norma said there was such a powerful presence of the Lord and all the clients and the team were blessed. Our Healing Rooms, North East Healing Rooms **Adelaide, South Australia** had 21 team members from 12 different churches ministering. We ministered to 14 people physically plus 13 people who rang asking us to pray for them as they were unable to come in making a total of 27 people. Right from the start there was such a powerful sense of God's presence and we all said if no one comes in we would have been greatly blessed, but God brought them in and they were all touched by His presence.

Our list is as follows:

Back injury...clarity of mind...general health...high blood pressure...hernia...sinus problems...feet and ankle injury...diabetes...dermatitis...sinus and bronchial problems...prostate cancer...

People that could not come in were as follows:

We prayed over the people with the following problems:Run down...chronic fatigue syndrome ..mental illness..general health..heart condition fatigue...brain aneurism...back fusion...flu virus.

● **From Cameroon**

A lady with breast cancer was totally healed and two persons were healed of cataract glaucoma and one person with cardiovascular arrest. We will continue the good work by His grace.

● **From Canada**

God did mighty things here in Oakville,Ontario Canada at the 'Day of Renewal' conference.

*Lady came up to receive Baptism of the Holy Spirit and went down under the power of God. The presence of the Lord was so strong.

*Lady healed of depression. Had inner ear problem that caused her to be unstable on her feet.

Prayed for left ear, grew out arms by an inch. With her being unstable on her feet when she came to us, we told her that she wouldn't need her cane anymore and Praise God, she gave it over and was free and healed. Anointed her hands as she is a painting artist and was released to do God's art from that moment on. Broke free of curse words and condemnation since her childhood. Saw her later praising the Lord with both hands in the air. She was told her to attach a paint brush to the end of her cane and paint her art work.

*Teen girl came saying that she couldn't handle living anymore. We prayed against the spirit of depression and commanded that spirit to come out. She handed over to us 3 handfuls of burdens by the gesture of using her hands and passing over to us and then we asked her if that was it, she said, that there was one more handful and when she handed it over, we declared that she was free, she went down immediately under the power of Holy Spirit. Later that day we saw her praising the Lord with hands up and dancing.

*Prayed for short term memory problems. Prayed for bondages to be broken and faith to increase that what the Lord reveals to us, that if we believed the healing of the Lord, the healing would happen. Prayed chemical frequency prayer to renew energy for a lady with 5 children and was extremely stressed.

*Prayed with lady that had a jammed painful right elbow. Did the TNT and grew out arms and commanded the spirit of pain to come out. She moved her arm in circles and said that the pain was gone. Also, we felt led to touch her knees and the left kneecap popped a couple of times. She was smiling and saying, 'Thank you Jesus'.

* Prayed for lady with cataract in left eye, wore glasses, removed her glasses and I touched her eyes and commanded new eye and did the TNT. Grew out her arms and you should have seen her face, she just stared in amazement and then said, 'Thank you Jesus'. Did pelvic thing, and prayed for her shoulders to be straightened as one was lower than the other and also Lord showed that knees needed healing as we received a picture of the knees. The great thing was that her friend that came with her, saw the Lord working miracles in front of her eyes. You should have seen her face too. Thank you Jesus!

● **From Costa Rica came a very interesting message and here it is**

Good evening with the Peace of Christ in your hearts, like I mentioned God moved my heart and I realized a union of Healing of the Sick was needed at Heredia Costa Rica and I wanted to be united with the same spirit of Healing on this miraculous healing day along with the others in the Spirit realm. I was able to see many free from witchcraft and religious spirits as well as healing of the back, heart and addictions and other things. I am waiting to hear more on the healings as well as praying for you all, in Costa Rica we are expecting you and would like to get closer to your ministry. The Peace and blessings of our Father God.

● **From Guayaquil, Ecuador**

It is with great excitement that I write you and tell you what happened on the Worldwide Day Healing for us. As you know I was in Guayaquil, Ecuador doing City Wide Crusades involved in Missions on this special day. Before I left America I had ask my Coordinator to prepare us a church where we could join the rest of the World on this day.

You could really experience electricity of The Presence of The Lord as the teams were called forth. There was so much Humility and Tenderness mixed with Tremendous Power. As People were receiving The Healing Anointing of The Lord Jesus.

There were Heading's of every sort from headaches to Fibromyalgia. The pain was just gone!

Can you imagine after years of being in pain in every joint and every muscle being sore just to touch. She was hurting in her whole body and pain was shooting through her face when she felt the Healing touch of Jesus her face lost ten years of aging. She stated jumping up and down hugging everyone there sure was no language barrier to this situation.

There were Spiritual Healing of those coming into a closer walk with The Lord, seeing His Power moving across all the people.

Creative Miracles, brand new knees. The look of shock on the mans face as he could move his legs with no pain. He kept bending his legs, he was over taken with such happiness.

So much joy was felt there were many tears of extreme Joy, because of prayers answered. Jesus was in the house moving with His Healing Power through His People. This day will be one that will continue as long as Christians are on this Earth Because His Power and Presence were felt all around the World every moment somewhere in the World someone was being touched in The Name of Jesus! Hallelujah. Thank you Charles and Frances for teaching us How To Heal The Sick and to know that if Charles and Frances can do it we can do it too.

● **From Nepal, India**

Greetings from TVWC. Thank you so much for your prayer. We are fine and well. We had a wonderful meeting in Kathmandu last 26th and 28th August. God healed many from different diseases like: deaf ears were opened, paralysed walked, nervous systems were restored and God healed many from different sicknesses. God divinely revealed inoperation with Word of knowledge, Word of Wisdom and prophecies. God really helped and used me, because of your prayers. We constantly seek for your prayer for the upcoming events.

● **Greetings from Pokhara Nepal (India) - Trinity Worship Centre**

We are so excited to share about the World Wide Healing Day on 22nd September 2007. We were so blessed to see God moving in the power of the Holy Spirit. Thank you for covering in prayer, it was our privilege to join with you in this significant day of the Lord in the whole World.

I personally have traveled to Kathmandu from Pokhara (6 hours bus ride from Pokhara) and trained 11 young people as healing team members for the WWHD. They held the Healing Day in Ghangri (Tibetan Church) with people coming from different congregations. As I have been reported from the co-ordinators, there were plenty of healing testimonies like:

Heart Problem: There was a woman who had join the meeting after a hard walk unto the meeting points and when the meeting started God started moving with Word of Knowledge in the team. Her sickness was revealed and one of the Healing team members laid hands over her. Instantly she felt something like fire (warmth) flowing into her body. She started trembling – she testified that she was feeling much better by the time meeting ended. Praise the Lord.

Back Ache: Many testified healing from back ache. Many of them healed even without laying hands over them. Praise be to His Glorious Name.

Pokhara

We had wonderful time of celebration at Trinity Victory worship Centre, Pokhara, Nepal. I would like to share few exciting news by which we are so blessed.

My Self: As I was preparing for the WWHD, Suddenly I was caught by high fever and constant cough from 19th September, evening. It started growing worse by 22nd Morning – which was the very important day for me. I was going to host this healing day. I was not even well enough to conduct the meeting. I told my wife that this Healing Day is just for me and I will be healed by the end of the meeting. So it happened as I had thought of and believed for. I was completely healed during the prayer meetings.

Back Ache was removed: There was a man with severe back ache for last couple of weeks. He struggled a lot to reach the meeting hall. After a short worship, mighty power of the Holy Spirit started flowing and He touched many people, this man was touched by the power of God. He testified that he felt something going through his body and he was healed. Praise God. Many people came forward to testify the work of the Lord. God healed, delivered and filled the people with His glory. Praise Be to God. Please follow the photographs attached.

Please continue to pray

- Healing School in Pokhara every Tuesday at Trinity Victory Worship Centre which we have been conducting for last more than 5 years and God has performed wonders and signs. Please pray for the continue move of the Holy Spirit and His mighty power.
- Healing Meetings: we have been conducting healing meetings once in a month in Kathmandu (the capital city of Nepal). God has been operating with gifts of Holy Spirit as per the need of the people. Please do pray that this meeting will continue.
- Healing Schools: we are planning to have healing schools in different parts of Nepal to raise up the powerful church with greater testimonies than before.
- School of Ministry: we have school of ministry coming soon starting from 14th of February–end of March. We plan to have 40 residential students this year. Please pray for the faculties, full time staff, students and the finances. Thank you

● **From Kenya**

The Lord has been so good that we managed to pray to many who received healing some were healed from severe headache, malaria, and some set free from demonic forces we are on and hope that you will be with us in prayer and the Lord will lead you. I visited a nearby hospital and God freed all the patients, who included two mad people, people with broken limbs, terminal stage of Aids, placenta removed miraculously and many other types of healings took place.

● **From Liberia – Gardnersville Church**

God is great. On the day of healing, the Gardnersville Church in Liberia experienced God's blessing and healing. Woman with backache for several years was healed, a boy who could not hear since birth was able to hear, a sister possessed with demon was delivered, a man with stomach problem as a result of eating in sleep was healed instantly and the joy and peace of God filled the whole auditorium that day. I think this beginning is very much encouraging and will forever continue to do same every year on the day of healing. But I think we will in the future do more than that. I will get back to you later so as to see if we can collaborate in doing God's work.

● **From Liberia comes another amazing story**

Dear Charles and Frances Hunter (parents in the lord), We are very much grateful to God for His mighty move on September 22,2007. We saw things happen in our meeting that never happened before. The blind eyes opened instantly, cancer disappeared, growth melted away, and a baby, since birth walked on September 22,2007. The family got so excited that they have pledged to sponsor one of our pastor's sons in school. We had the program going on in three major cities of Liberia, Monrovia, Kakata, and Gbarnga. Reports from these areas show that there is a need to intensify our healing classes. Every one in these three locations are asking us to have another healing explosion.

● **From Malaysia**

From Malaysia: We had a turn out of about 200 people. For most, it was a first time experience, but I must say that they came with a contrite heart believing that our Lord would touch them. Indeed our Lord did touch them all. Many were healed of their physical ailments such as Migraine, Arms and Hands, Back Problems and Joints.

We also prayed for those with Cancer, Diabetes, Fibroid Tumor, High Blood Pressure, Kidneys and Heart. We will be hearing from them real soon and I know, and I know and I believe that God has already healed them!

● **From Lagos, Nigeria came in interesting letter and some interesting pictures and here they are:**

Greeting in the name of Jesus Christ. The 22nd of September 2007 WORLD WIDE HEALING DAY in Lagos _ Nigeria is very historical. The level of mobilization was good and many Pastors, churches and ministries participated. The awareness of the Charles and Francis hunter WWHD in Nigeria is now spreading greatly with the level of the success of this year's event here.

Here in Rescue Mission Church the turn-out of participants was very good. See the official report attached. Here are some photos.

- (1) The prove of numerical turn-out
- (2) The crowd watching the video DVD of Charles & Francis hunter before the commencement of healing by 11am Nigerian time.
- (3) People falling under the anointing of the Holy Spirit after prayers for healings.
- (4) Shortened arms and legs growing out in photos

Attached is some reports from the Pentecostal Fellowship of Nigeria (PFN), a body umbrella of all churches and pastors in our zone that benefited from the books and the trainings. Also, a ministry that participated in the event made request for books and healing materials which was supplied to them. See the attachments, Many souls were saved and gave their lives to Christ, praise God. It was wonderful.

The interesting thing is they made the people who came for healing watch the Power Pack to built their faith to know they could be healed.

You can see in the pictures that they really followed the instructions – growing out arms and legs.

*I want to appreciate Charles and Frances Hunter along with Joan for being such a huge blessing to the body of Christ through their book How to teach and minister healing to the world. I must not also fail to let you know that I and other ministers like myself received this book free of charge and did observe the world healing day on the 22nd of September 2007. I personally observed it along with shepherd Umunna at his church and was also prayed for. The following day being Sunday, I ministered to members in our own church with a sister who have had a running battle with goiter coming back to testify how her Doctor said that her healing has suddenly taken a fast pace.

● **More from Lagos, Nigeria:**

We recorded some healings which I am going to forward to you soon. One of the student went home after listening to Charles' testimony of how a police officer raised the dead and also did the same! A small child died in the neighborhood and they were trying to take the child to the hospital, he just asked them to bring the baby, he made the same command he heard and the baby came back to life!!!! Halleluyah!!!! Thank you so much for empowering and enlightening us!!

● **From Owerri, Nigeria:**

On the 22nd September 2007 we opened the door of our church to people, to come in for a healing service. We synchronized our time of meeting with yours and your 11:00am to 2:00 pm agreed with 6:00pm to 8:00pm here in Owerri-Nigeria.

About 240 people attended the service and we had a very warm session of prayer, worship and the Word after which we called for those in need of healing. The entire congregation emptied at the altar and we began to lay hands on them. The ministering team was made up of Dr. Casmir Ihegworu (Senior Pastor CCC), Rev. John Marshal (Assisting) and my self.

There was such a cozy atmosphere of worship that many who came out did not hurry to go back to their seats even after hands had been laid on them.

Five people, a man and three ladies testified of immediate healing. A middle aged lady was so joyous and testified to an instant healing of her sight which was beginning to fail her. Another young lady who stood in for her relatives who could not come received instant healing from migraine head ache which started shortly before the meeting. And a 22 year old girl testified of instant healing of a severe waist pain that made it difficult for her to sit or stand.

We are hosting a city wide crusade between the 13th and the 18th of November, and we are delighted at the spirit of revival which has descended on the church since the World Wide day of Healing, through a four day in-house revival all gearing up to HARVEST TIME.

● **From Peru**

*The trip was great. 61 people got saved and 10 came back to the Lord.

Don't know how many in the group prayer at one church got saved.

*On Thursday night a couple brought in a child that could not talk, focus her eyes at anything, could not walk or sit up or talk or eat without being fed food like baby food. She was about three or four. We commanded healing in her and commanded the deaf and dumb spirit and death out of her and broke off the curses the doctors spoke over her and then had two of our team members to lay hands on her and we left for other people.

She was focusing her eyes and moving. The next night the parents said that she was sitting up eating, talking and looking at them. They expected the rest to come into being.

*On Monday a grandfather came to the meeting that morning and God healed his back and legs and knees. That night he brought his grandson that was flatfooted and his legs were so bent that he could not walk without someone holding on to his hands. He had never run or been able to play like other kids.

God gave him arches to begin with. Then he straightened out the legs. His mother took him outside in the lobby and he began to run all over the place. She kept yelling at him to come back to her and she was trying to catch him. He had never run. Now mother has to get used to about a three or four year old running all over the place.

Then grandfather wanted to do something special for the team so he took all of us out to eat the next day to a very nice Chinese restaurant and ordered all kinds of food for the team to try.

He kept telling us thank you and we kept telling him to thank God. God did it all.

*The first night the Pastor came dragging in a lady with her arms wrapped around his neck on his back like a monkey would get on your back and wrap his arms around you. We asked her what was wrong and she said she was very sick. She could not stand up on her own. When we commanded healing in her body she hit the floor and after a long time she jumped up and started praising the Lord completely healed. The next night she was at the meeting and dancing for the Lord. One night she couldn't walk next night dancing.

*Also that night a man came in that was a Warlock. He had been coming to the church awhile because of his wife. The Lord told us that he was a hard nut to crack but He was going to crack him that night. God healed his wife where she could not walk good on a cane. Then the man got saved. The next night he was lifting his hands and praising our Lord Jesus. Another lady came in with a cane and walked out of in the meeting leaving the cane. Backs were healed all over the place at all the meeting. All Barry had to do was hold up their feet and the feet would shoot out before he could say anything.

*The next night a young man about 25 received his sight. He had been born blind and God gave him his sight again. This was in a small store front church. People were standing outside the building waiting to come in to be healed. They were lining up on the side walk. As soon as someone got off the floor healed someone else walked up for healing. We didn't have to beg them to come up they ran up to the altar to be healed. This also happened on the first night.

People were waiting outside to come in to be healed. I told Barry that you both would have loved to see the people so hungry for God.

*Third day we went to the earthquake territory and was ministering the pastor and his family giving them clothes and items when a man came off the street for prayer for prostrate problems, God healed him and then he got saved.

*Sunday was the high light of the meeting. We had the upper room happen with the young people. God told me to call four youth in their late teens and early twenties up and He was going to set them on fire and the rest of the youth would follow. After laying hands on them over 15 youth came up. After this we gave an invitation and 33 people got saved. The Lord said to look at the ones on the floor, He said that is what happened in the upper room that day. At the end after 2 and 1/2 hours over 50 youth had come forward for God to set them on fire.

They were rolling on the floor getting delivered and set free. God filled them with the Holy Spirit and they were speaking in English, Saying that their bodies were on fire even their bones. Then they started saying over and over again that Jesus is Lord and that we love you Lord. When we had to leave to go from there to the next church the youth were still on the floor under the power of God and could not get up.

*While the bus we rented was driving down the road the Lord showed me group after group of young people that were doing nothing. He told me that the building where the church was at that seated about 100 would be the youth building and that they would need a bigger church for the adults because the youth that we had left under His power was going to come out of the building like Peter did and the youth on the streets were going to get saved and set free.

*That night a man that had come in a wheel chair walked out of the meeting pushing the wheel chair. This is just some of the things that happened. All other kinds of miracles happened in 6 days.

*We thank God that He put us in your path back in 1994 to train and equip us for what God did in these meetings. We plan to go back again next year in May for 2 weeks. These churches want us back again and others are asking if we can come to their church. God has put together a great team to travel with us (5 other) people and we trained them in healing like you taught us and there was complete unity on this trip between all of us.

● **From the Philippines**

● **Here is an interesting report from Uganda**

Praise God, we had divine and successful healing crusade under your anointed leadership and godly direction. we invited 2010 Christians believers from 20 churches and all turned up for the calling. From Uganda

Greetings to you in the name of the Lord. May the Lord bless you and the ministry. Well, God is Good. The 22 Sept 2007 was a day of miracles and healing. We had organized the event in our church but it was so small that we had to go in the play ground to make space for people to be prayed for. We did register and we did have 250 people who did attend the Healing day. We did use a lot of oil to anoint and pray and some clothes which were anointed so that they can be given to the sick at home. God moved and many sicknesses were healed. I need to let you know that persons were healed of different sicknesses, ulcers, malaria, stomach pain, TB, asthma, pains in the body, demons and curses were broken, families healed with prayers, people did reconcile to one another in the meetings and up to now we are still getting reports and testimonies for those who were healed in the service. We started the prayers at 10:00 in the morning till 10:00 night time. Well, I have been invited to go to churches and communities to pray for the sick and train them in the healing ministry. We had people from Kenya, Tanzania, Rwanda attending the healing day. God healed a lame lady who was moving on with the help of crutches due to the motor accident. Pray for us for the Lord to provide and facilitate as to go in churches to train. We need a Dvd player, and a Big tv screen and some two speakers so that we can use them in training. We need also a small generator as we do travel to rural areas whereby there is no electricity. I am sending you few of the photos of the worldwide healing day in Uganda.

● **From the United Kingdom**

*A boy born with clubbed feet was told he does not need the operation now. His tendons have stretched and his feet in normal position now.
